

Let's Talk Immunisations

At Allens Croft Nursery we are hosting a breakfast morning with a doctor to discuss immunisations on:

Wednesday 19th March 2025

9.15am - 10.15am

This is your chance to discuss your questions and concerns around immunisations directly with a doctor.

The GP registrar delivering the session will provide information on the routine childhood immunisations, and will be able to answer any questions you may have. The GP registrar is fluent in Urdu, and all members of staff involved in the sessions are female.

This coffee morning is an informal session intended to provide you with all the knowledge to make an informed choice about what is best for your child.

We look forward to seeing you!
